SAP_ABA,700	Component must be installed in this version	Precondition is fulfilled	
SAP_BASIS,700	Component must be installed in this version	Precondition is fulfilled	
XLSO,100		Precondition is not fulfilled	The Add-On is not valid for the target constellation
SAPK-100AGINXLSO		Precondition is not fulfilled	
Prerequisite set 01		Preconditions of this set are not completely fulfilled	
SAP_BASIS,701	Component must be installed in this version	Precondition is fulfilled	
EA-APPL - Equivalence		Precondition is fulfilled	Equivalent versions of component EA-APPL
Equivalence set 01		Preconditions of this set are not completely fulfilled	
EA-APPL,604	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-APPL installed
Equivalence set 02		Preconditions of this set are not completely fulfilled	
EA-APPL,605	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-APPL installed
Equivalence set 03		Preconditions of this set are not completely fulfilled	
EA-APPL,606	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-APPL installed
Equivalence set 04		Preconditions of this set are fulfilled	
EA-APPL,617	Component must be installed in this version	Precondition is fulfilled	
EA-FIN,617	Component must be installed in this version	Precondition is fulfilled	Generated Precondition due to component EA-APPL,617
EA-HR - Equivalence		Precondition is not fulfilled	Equivalent versions of component EA-HR
Equivalence set 01		Preconditions of this set are not completely fulfilled	
EA-HR,604	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-HR installed
Equivalence set 02		Preconditions of this set are not completely fulfilled	
EA-HR,605	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-HR installed
Equivalence set 03		Preconditions of this set are not completely fulfilled	
EA-HR,606	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-HR installed
Equivalence set 04		Preconditions of this set are not completely fulfilled	
EA-HR,607	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on EA-HR installed
LSOFE - Equivalence		Precondition is fulfilled	Equivalent versions of component LSOFE
Equivalence set 01		Preconditions of this set are not completely fulfilled	
LSOFE,604	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on LSOFE installed
Equivalence set 02		Preconditions of this set are not completely fulfilled	
LSOFE,605	Component must be installed in this version	Precondition is not fulfilled	Non-permitted release of add-on LSOFE installed
Equivalence set 03		Preconditions of this set are fulfilled	
LSOFE,606	Component must be installed in this or a higher version	Precondition is fulfilled	
Equivalence set 04		Preconditions of this set are fulfilled	
LSOFE,617	Component must be installed in this version	Precondition is fulfilled
