Neptune Software

Here. Now. Beyond Mobile.

Accelerating your SAP applications and user experience strategy

Neptune Software Does Fiori **Differently**

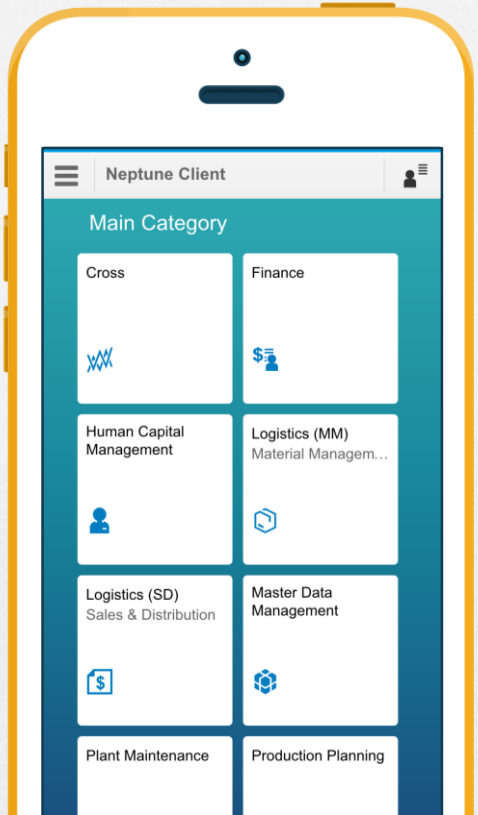
Global organization founded in 2011 by seasoned SAP consultants

The only **rapid application development platform** that empowers any SAP developers to build Fiori® UX across mobile, tablet, desktop, and offline

SAP partner and **SAP-certified product** aligned to SAP's Fiori UX strategy

We are a **disruptor in the SAP World**

- Sits on your ABAP stack
- No extra infrastructure needed
- Out-of-the-box Hybrid app packaging
- REST and oDATA services offline
- Rapid Application Development Platform (RAD and RMAD)
- Big Data Offline, encryption
- Backwards Compatible and Future proof - Certified by SAP on Netweaver 7.X, HANA & non-HANA DB, S/4HANA 1610



- Offline & Online Hybrid Apps
- Full Mobile capabilities
- Learn to use it in 3 days
- Deploy on <u>any</u> SAP system in less than 1 hour
- Apps runs on premise or in the cloud

One **solution**, covering the **entire application lifecycle**.

NEPTUNE UX PLATFORM

Neptune Application Designer

Neptune Application Store

Neptune Application Management

Neptune Application Monitor

Neptune Launchpad

Neptune Application Catalog

DEVELOP

Develop and build applications by drag & drop. Easy and fast connection to the back-end data.

Activate Fiori apps in the systems by 2 clicks through the store.

ADMINISTRATE, MANAGE & ANALYZE

Organize and manage applications throughout the entire app lifecycle.

Administrators are able to view installed applications and statistics from the admin console.

END-USER ACCESS

Run applications. End users have access to apps in the Application Catalog assigned in your store.

Access your apps in the unique Neptune Launchpad.

One **solution**, covering the **entire Frontend and Backend**.

NEPTUNE UX DEVELOP
